

## Our Mission

The Mission of Pediatrics Plus\* is to promote children's well-being by providing comprehensive services addressing their physical, emotional and developmental needs. We are the Pediatric Medical Home for the children under our care, offering continuity, accessibility and coordination of care. Our Board-certified pediatricians and nurse practitioners work closely with parents and their children to facilitate their becoming happy, healthy, confident and caring young persons.

Pediatrics Plus\* has been serving the children of North Haven, Hamden, Wallingford, North Branford and surrounding towns for more than 30 years. Availability, accessibility and affordability have always been important to us.

- Our services are available from 8 AM - 8 PM most weekdays, and 9 - 5 on Saturday
- Urgent care visits available on Sunday
- Our clinicians are available 24/7 by telephone
- Our office is easily accessible from multiple highways
- We participate with most insurance plans and Medicaid

**Helping You Raise Really Great Kids!**

At Pediatrics Plus\*, we are specialists in the care of infants, children and adolescents. The clinicians in our group are well-trained and board certified indicating that they are recognized as experts in their field. We carefully choose our caring and compassionate office staff to provide the all important link between clinician and patient in the office and on the phone.

We believe that nurturing and caring for children requires a trusting partnership between clinicians and parents, and later adolescents. We offer parents and children guidance, education, support, and treatment, where needed, to promote the healthy development of children. We are receptive to parents' concerns, and provide extended hours throughout the week and on Saturday. We are committed to being available to serve your health care needs 24 hours a day, every day of the year.

We encourage you to become partners with us in caring for the physical, emotional, and social well-being of your child. We believe that there is no greater honor than being entrusted with your child's health. We look forward to the privilege of caring for your child and serving your family.
